Student Feedback and Action Taken Report (2021-22)

G. G. D. S. D College, Haryana is committed to the highest standards of educational and other provisions for its students and encourages them to provide the institute with thoughtful and constructive feedback. During the session 2021-22, the feedback from the students of the college has been taken by distributing the questionnaire structured online feedback forms to them. After collecting, it has been brought to IQAC for further analysis.

Feedback on various aspects has been taken such as: which information did they find in the prospectus while taking admission in the college, how did they choose their subjects while taking admission, treatment by the administrative staff of college with them, healthcare facilities, attitude of faculty to extra-curricular activities, their opinion about the qualities a teacher should possess, were the labs fully equipped and properly maintained, status of library, was it easy to get books from library, about getting computer education from the college, about taking part in the extracurricular activities, the education they completed from the college helped in their future, their views regarding college after leaving it and their suggestions to improve quality and standard of the procedure. The students has also given their feedback on questions like how much of the syllabus was covered in the class, preparation by the teacher for the lecture, effectiveness of communication by the teacher, encouragement by the teachers for participation in class, teachers' method of teaching, teachers' helpfulness in advising to the students, qualities in teacher, attitude of teacher towards extracurricular activities etc.

Action Taken Report- Through the feedback forms, the students have given their valuable suggestions about the college and have also told about the problems faced by them in the college. They have given the suggestions to purchase more books related to curriculum. So the books were ordered and purchased to meet the demand. They also demanded that the teachers should give projects on real time problems. On the basis of the feedback taken from the students, it has been noticed that there is a need to set up new generation computers in labs and to improve visual techniques. So the actions were taken in this regard. The students also suggested to use technical items such as projector for showing the students animations for the required subjects that would enhance the study experience and knowledge of the students. Therefore, some teachers showed documentaries to the students during the session. To a question, the students responded that the college should organize more sports activities which would be helpful to improve physical and mental health of the students. They also demanded that the teachers should also emphasize upon the education of moral values.
