

## Response to IIQA Clarifications

Dear Team, please find below responses for the 7 clarifications raised in IIQA:-

**Clarification Raised 1:-** List of programmes given in the IIQA and on the website doesn't match. As per website institution has Advance Diploma in Organic farming & Ph.D. which is not mentioned in IIQA and as per IIQA PG Diploma (Applied Agriculture) & PG Diploma (Marketing and Management) not provided on the website kindly clarify.

**Response 1:-** (a) List of the programs given in the IIQA has been matched with the website of the institution.

(b) As per Instructions on IIQA portal, it was instructed to "Please provide only the number of Diploma programs offered. The details of the same need not to be provided in the following questions". Moreover the portal is only allowing to add PG diploma not Advanced Diploma, so Advanced Diploma in Organic Farming could not be added in IIQA Details. However it is updated on the College Website. Regarding the PhD program, it has been discontinued due to the retirement of concerned teachers hence it has been closed, which is why it is not mentioned IIQA. Now the website has been updated accordingly.

(c) PG Diploma(Applied Agriculture) and PG Diploma(Marketing and Management) have been updated on the website as well.

**Clarification Raised 2:-** It is seen from the website that institution has Advance Diploma in Organic farming, kindly clarify the minimum eligibility of entry to this Diploma course.

**Response:-** Minimum eligibility for entry in Advanced Diploma in Organic Farming has been updated on the website.
